

Industrial safety made visible

Series XC645/XC655

Display systems for industrial safety with backlit graphics

Backlit graphics

Character height 25 mm or 55 mm

Integrated power supply unit

Equipment package for outdoor use

Super bright LEDs

in SMD technology

Individual graphic designs

Serial interface, Bluetooth

or Ethernet interface

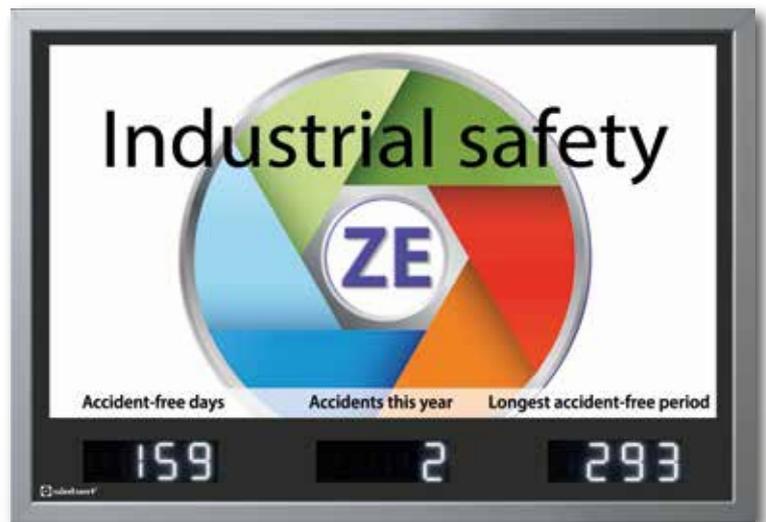

Thanks to the backlit graphics of the series XC645 and XC655 the theme safety at work is made present even in dark ambient conditions.

Industrial safety made visible

Series XC645 – for reading distances up to 10 m

Series XC655 – for reading distances up to 20 m

Avoid accidents

The visualization of the occupational accident statistics using a digital display raises the awareness of the viewer for the theme safety at work. Who is sensitized for that helps to avoid accidents through its own behavior.

Backlit graphics

With exclusive design, bright shining digits in modern SMD technology and effectively backlit graphic designs the devices of the series XC645/XC655 awake the interest of the audience.

A homogeneous backlighting sets your graphics perfectly in scene - even in poor lighting conditions.

Individual as standard

The graphics are individually designed according to customers' request. Company logos, graphics or photos can be easily integrated. For this our own design studio is your competent partner.

Technical data

Series	XC645	XC655
Type code	XC645-SCW-N-01	XC655-SCW-N-01
LED display character height	25 mm	55 mm
LED color	white	white
Measures (W x H x D)	650 x 450 x 88 mm	1150 x 800 x 88 mm
Housing	Aluminium, front acrylic glass	Aluminium, front acrylic glass
Power consumption	35 W max.	70 W max.
Protection type	IP40 (IP54)	IP40 (IP54)
Weight	approx. 9 kg	approx. 25 kg
Options		
Ethernet interface	XC645-xxx-x-05	XC655-xxx-x-05
LED color red	XC645-xxR-x-xx	XC655-xxR-x-xx
Equipment package for outdoor use	XC645-xxx-A-xx	XC655-xxx-A-xx

Values in () are valid for devices with the option 'equipment package for outdoor use'
