

Robust digital display for thermal and electrical energy from waste

SERIES
XC-Board® 0417.092

DISPLAY
Character height 100 mm, LED green
Reading distance of up to 40 m

MEASURES (W x H x D)
1500 x 1000 x 110 mm

FEATURES
2 x analogue interface
Housing steel sheet for sites in public areas
Climate control

Combustion of household waste produces energy (electricity and/or steam) for urban heating, industrial and agricultural uses.
